GENERAL DESCRIPTION

Performs highly advanced (senior-level) policy administration and managerial work. Work involves strategic planning, state agency administration, and working closely with the executive director on the day-to-day operations of the agency or oversees multiple large and/or departments and/or divisions. Supervises the work of others including staff at the executive level and/or management level. Works under minimal supervision, with extensive latitude for the use of initiative and independent judgment.

DISTINGUISHING CHARACTERISTICS

The Deputy Director job classification series typically embody greater scope and complexity than the Director job classification series and is intended for positions that typically either work directly with the executive director overseeing the operations of the agency or are responsible for oversight of major, complex, and functionally-related areas organized into multiple departments and/or divisions. Typically, employees would direct other executive, managerial, and professional staff and act with full authority of the executive director. The appropriate level within this job classification series will depend on the scope, complexity of duties and responsibilities, and/or the size or functions of the agency. It is possible for a high-level Director (such as Director V, VI, or VII) in a large organization to have a greater level of responsibility, scope of function, and impact than a Deputy Director for a smaller organization.

EXAMPLES OF WORK PERFORMED
