GENERAL DESCRIPTION

Performs routine (journey-level) appraisal work. Work involves conducting property value ratio studies, gathering property sales information, and conducting property appraisals. Works under moderate supervision, with limited latitude for the use of initiative and independent judgment.

EXAMPLES OF WORK PERFORMED

Conducts property, land, and building appraisals.

Conducts evaluation surveys of proposed projects and estimates costs of acquisition.

Performs analyses or validations of appraisals, acquisitions, or right-of-way estimates; and makes recommendations on values.

Obtains statistical data on costs of land, building structures, and structure improvements.

Prepares economic and statistical reports.

Researches property ownership and easements.

Reviews appraisal reports for compliance with legal requirements.

Inspects properties and contacts real estate buyers and sellers for information on the properties’ real estate market value.

Inspects and recommends lease rates for state land.

Assists in developing appraisal methodologies for the completion of appraisal reports.

Assists in investigating real estate acquisitions and prepares reports of findings.

Assists in examining and verifying real estate records to determine property ownership, market value, and incomes and expenses in connection with real estate ownership.

Performs related work as assigned.
GENERAL QUALIFICATION GUIDELINES

EXPERIENCE AND EDUCATION

Experience in appraisal work. Graduation from an accredited four-year college or university with major coursework in finance, real estate, agricultural economics, or a related field is generally preferred. Experience and education may be substituted for one another.

KNOWLEDGE, SKILLS, AND ABILITIES

Knowledge of appraisal principles, techniques, and procedures; of real estate values; of contract proposal and evaluation procedures; of right-of-way policies and procedures; and of state and federal laws pertaining to real estate or right-of-way acquisition.

Skill in using a computer and applicable programs, applications, and systems; in preparing and maintaining documents, records, and reports; and in writing and interpreting legal descriptions of leases, real estate, easements, and similar properties.

Ability to appraise property values, to perform mathematical and statistical calculations, to investigate and interpret legal real estate documents, to prepare reports, and to communicate effectively.

REGISTRATION, CERTIFICATION, OR LICENSURE

May require certification or licensure as a Licensed Residential Appraiser, Certified Residential Appraiser, or Certified General Appraiser by the Texas Appraiser Licensing and Certification Board, or as a Registered Professional Appraiser by the Texas Department of Licensing and Regulation.
