

# Architect I

Salary Group: B21  
Class Code: 2260

<u>CLASS TITLE</u>	<u>CLASS CODE</u>	<u>SALARY GROUP</u>	<u>SALARY RANGE</u>
ARCHITECT I	2260	B21	\$48,278- \$78,953
ARCHITECT II	2264	B23	\$55,184 - \$90,393
ARCHITECT III	2266	B25	\$63,104 - \$103,491
ARCHITECT IV	2268	B27	\$76,356 - \$129,137

## GENERAL DESCRIPTION

Performs routine (journey-level) architectural work. Work involves the design, space planning, and construction of, or renovation to, buildings or other structures. Works under moderate supervision, with limited latitude for the use of initiative and independent judgment.

## EXAMPLES OF WORK PERFORMED

Designs the layout of architectural and/or construction projects.

Prepares design drawings, blueprints, records, and reports.

Prepares information regarding design, structure specifications, materials, color, equipment, estimated costs, and construction time.

Determines functional and spatial requirements of new structures or renovations.

Assists with conducting inspections for compliance with laws and specifications.

Assists with the estimation of proposed construction costs.

May prepare consultant work order agreements.

May collect technical data, analyze findings, and recommend specific programs or projects.

May coordinate and monitor work projects.

May provide architectural technical assistance to others.

Performs related work as assigned.

## GENERAL QUALIFICATION GUIDELINES

### EXPERIENCE AND EDUCATION

Experience in architectural and construction management work. Graduation from an accredited four-year college or university with a degree in architecture, landscape architecture, or related degree in a program accredited by the Landscape Architectural Accreditation Board or National Architectural Accrediting Board.

**KNOWLEDGE, SKILLS, AND ABILITIES**

Knowledge of architectural and design principles, techniques, and procedures; of construction methods; of engineering specifications related to design work; and of mathematical applications.

Skill in the use of architectural tools and in problem solving.

Ability to visualize architectural designs; to apply architectural concepts; to plan, coordinate, and monitor projects; to conduct inspections; and to communicate effectively.

**REGISTRATION, CERTIFICATION, OR LICENSURE**

Must be registered as an Architect or Landscape Architect by the Texas Board of Architectural Examiners.
