Participates in conferences for diagnosis and treatment planning.
Participates in quality assurance and quality enhancement activities related to psychological service provisions.
Prepares behavior analyses, and designs and monitors behavior modification and skill acquisition plans.
May supervise the work of others.
Performs related work as assigned.
GENERAL QUALIFICATION GUIDELINES

EXPERIENCE AND EDUCATION

Experience in counseling or psychological work. Graduation from an accredited four-year college or university with a master’s degree in psychology, counseling, or a related degree is generally preferred. Experience and education may be substituted for one another.

KNOWLEDGE, SKILLS, AND ABILITIES

Knowledge of counseling, psychology, therapy, and related disciplines; and of psychological tests, measurements, and treatment techniques and practices.

Skill in interviewing.

Ability to interpret diagnostic interviews and test data, to conduct individual and group discussions, to analyze behavioral deficits, to develop plans for implementing and monitoring rehabilitation activities in skill acquisition and behavior management, to communicate effectively, and to supervise the work of others.

REGISTRATION, CERTIFICATION, OR LICENSURE

May be required to be licensed in a specialty area such as a Licensed Psychological Associate (LPA), Licensed Professional Counselor (LPC), Licensed Clinical Social Worker (LCSW), or Licensed Marriage and Family Therapist (LMFT).
