Survey of Employee Engagement

The Survey of Employee Engagement, administered by the University of Texas, is an instrument that measures employees' job satisfaction and employees' perceptions of the effectiveness of the agency. Overall, the agency's score is higher than the State's average and has decreased since the last survey cycle.

Percent of Employees Who Intend to Leave Within 1 Year

Overall results indicate that satisfaction with pay or benefits has little influence over an employee's intent to stay. However, overall job satisfaction, working conditions, and agency management and culture do influence these decisions.

Overall Employee Satisfaction

Scores range from 1 to 5, with 5 being the highest.
